

A BRIGHTER FUTURE FOR CLEANING

**Sustainable, water soluble sachets
for professional cleaning**

Water-soluble paper sachets

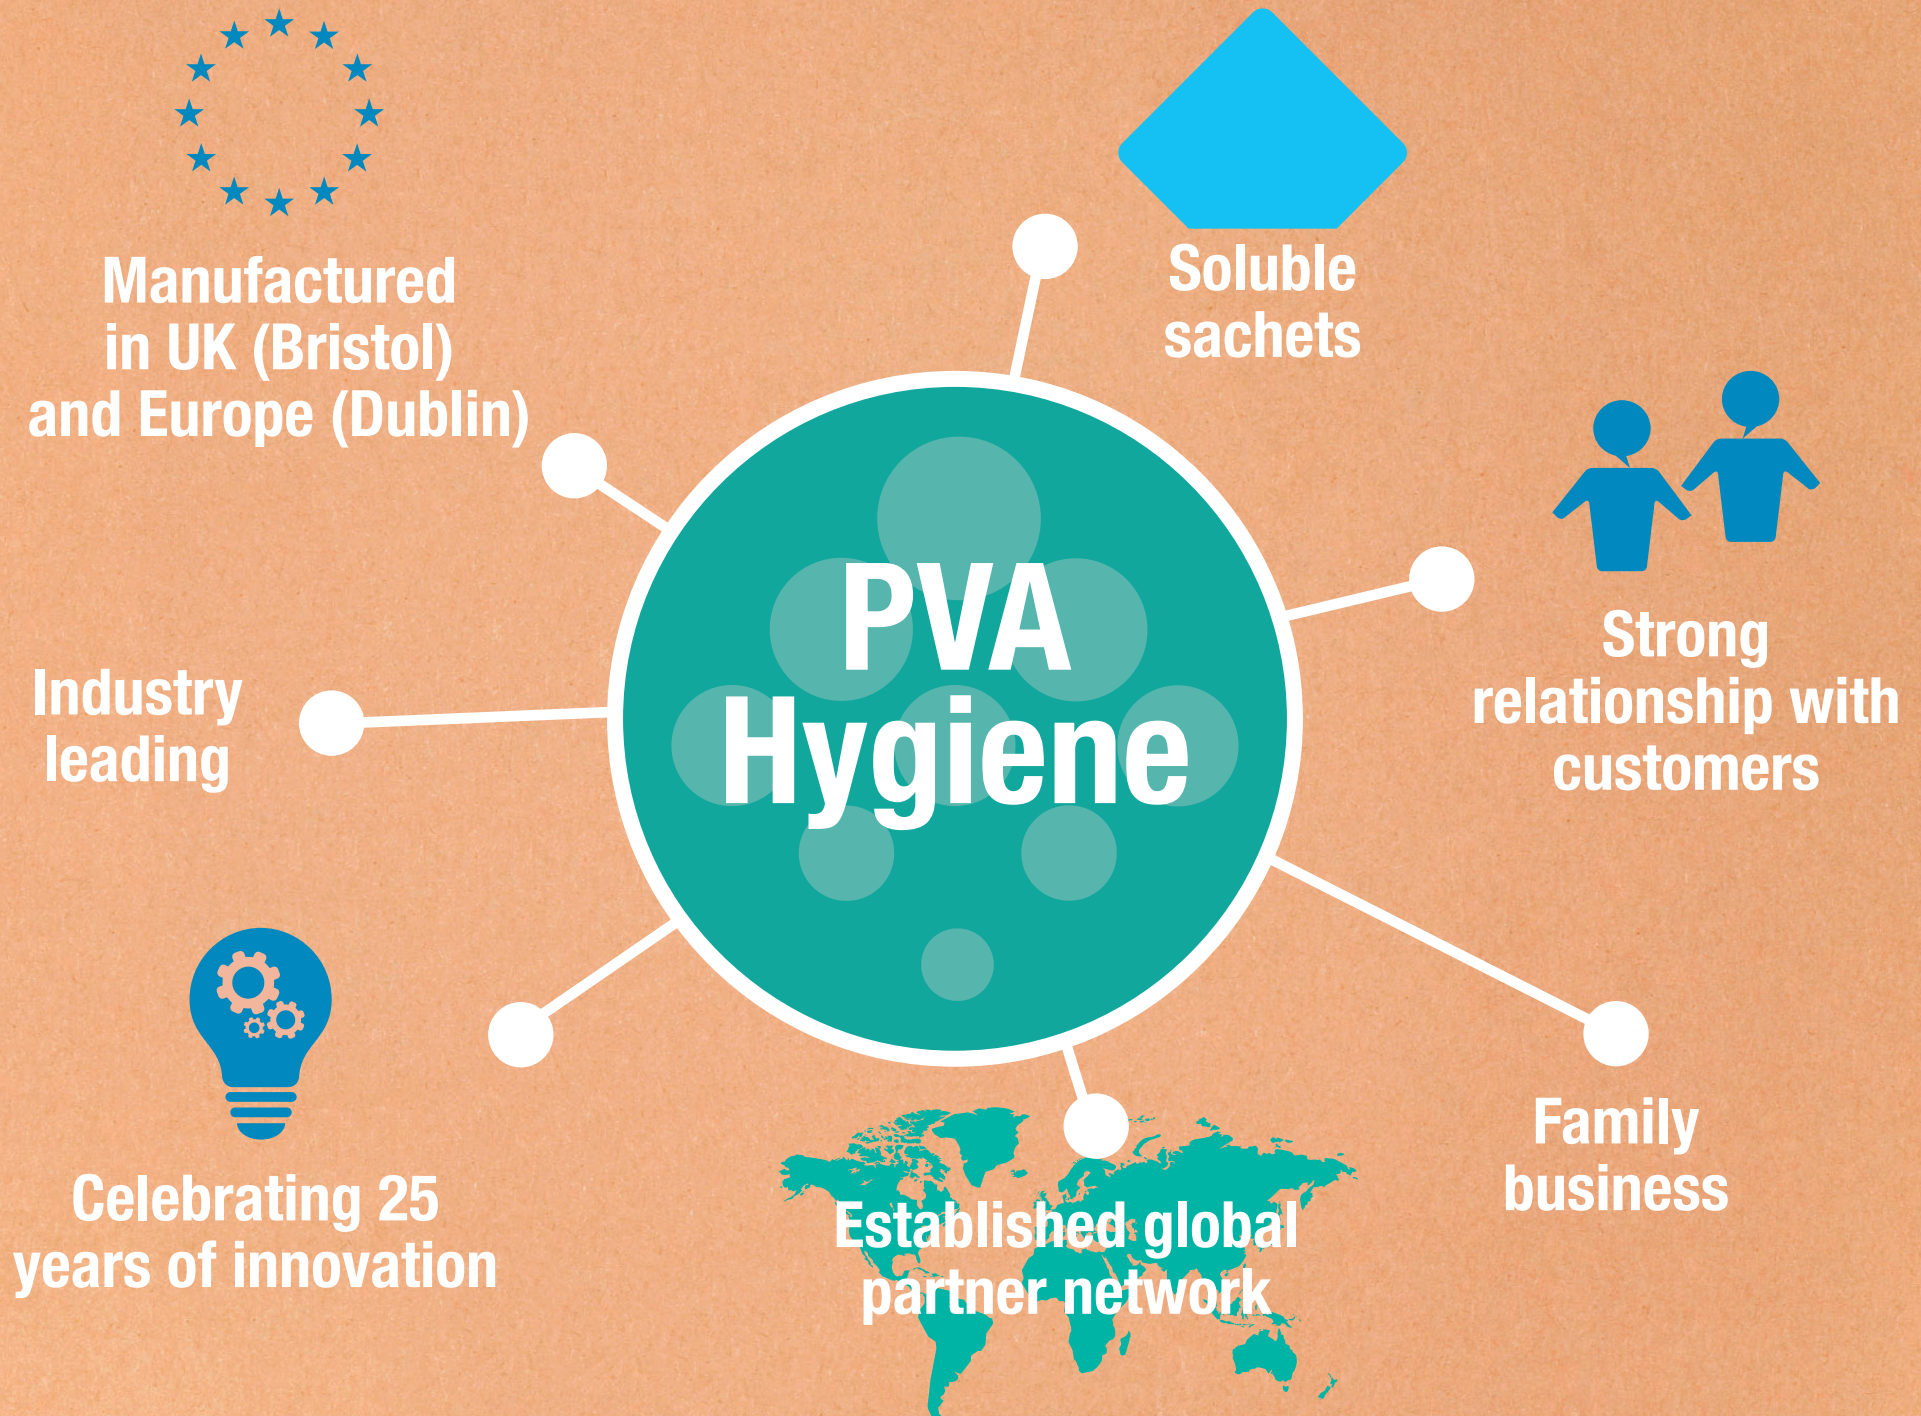

Water-soluble PVA film sachets

A background image showing numerous white, rectangular sachets falling through the air against a light grey background. Some sachets are in sharp focus, while others are blurred, creating a sense of motion. The sachets appear to be of various sizes and are scattered across the frame.

Accreditations & Charities

We work closely with the vegan society to ensure that our products are vegan certified, harming no animals in the process of testing, ingredients sourcing or production.

Each purchase of our paper sachet range contributes towards a tree planting initiative in the UK

We proudly manufacture in Bristol, UK and hold Made In Britain membership.

We also manufacture for the EU in Dublin, Ireland

ISO14001 certification ensures our Environmental Management system

ISO9001 certification ensures our high-quality Management system

Members of the Cleaning and Hygiene Suppliers Association

How our sachets work

Fill trigger spray with a small amount of warm* water

1

Drop 1 sachet into the trigger spray

2

Close the lid and shake vigorously to dissolve the sachet

3

Add warm water to the mark

4

READY TO USE

Fill bucket with a small amount of warm water

Drop 1 sachet into the bucket

Stir well to dissolve the sachet

Add warm water to the mark

*Warm water not needed for the paper sachet range.

“At Churchill, we are a large Facilities Management company based all around the UK. We started working with PVA Hygiene in 2019. Utilising PVA Hygiene products allows us to eliminate single-use plastic from our cleaning operations. During 2022, we were able to save 57 tonnes of plastic from going to landfill. We look forward to continuing to work with PVA Hygiene, with their range of innovative products.”

Paper sachets are the next step on
our sustainable journey

Using  smartsolve technology

The image features a textured, light brown background resembling recycled paper. A horizontal band of dark green silhouettes of evergreen trees spans the width of the page, positioned in the lower half. The trees vary in size and are layered to create a sense of depth. Overlaid on the right side of the image, partially covering the tree silhouettes, is the text "Our ranges" in a large, white, sans-serif font. The word "Our" is on the top line and "ranges" is on the bottom line, both right-aligned.
